Storage Temperature Range:

+0.0 to 50.0 degrees celsius

Accessory Components And Quantity:

Retractable hook 1; adjustment tools 2; insulating cap 1; ic insulating cap 1; identification tags (green, yellow, purple, pink) 2 each; probe tip 2; ground spring 1; bnc adapter 1; ground lead (black 12 cm) 1

Product Name:

Passive probes

Special Features:

Cable length: 1.3m

Supplementary Features:

Operating temperature: 0 to 50 degrees c; attenuation ratio: 1: 1/10: 1 (switchable

General Description:

General purpose passive probes for low-frequency and high-frequency

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
