End Application:

C-5m

Test Type For Which Designed:

Monitor and control three-phase power used by rtru load bank fte assembly and the regulated transformer rectifier unit

Product Name:

Rtru variac fte assembly

Phase:

Three 1st alternate operating power rqmt

Special Features:

Electrical power rqmts: 115 v ac, three phase, 30 a/phase and 115 v ac, single-phase, 30 a facility power, storage rqmt: store in dry environment, weight: 350 lbs.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-a
