Circuit Current For Which Designed:

Ac and dc

Overall Depth:

2.000 inches

Overall Height:

10.600 inches

Overall Width:

4.300 inches

Indicator Type:

Digital display

Installation Design:

Hand held

Display Type:

Light emitting diode (I.E.D.).

Display Digit Quantity:

4

Measurement Range:

+400.0 to 1000.0 amperes, dc 1st indicator 2nd range

Circuit Attachment Method And Quantity:

1 clamp-on

Product Name:

Amp clamp meter with ir thermometer

Style Designator:

Clamp-on

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
