Mounting Type:

Case

Overall Length:

20.300 inches

Overall Height:

7.000 inches

Overall Width:

16.800 inches

Product Name:

Microwave analog signal generator

Special Features:

Ultra low phase noise; am, fm, phase modulation, and If output; step attenuator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T320-j
