Terminal Quantity:

1

Maximum Current Rating:

2.3 amperes

Inductance Series Connection Accuracy In Percent:

-20.0 to 20.0

Inductance Parallel Connection Range:

+3.7 to 5.6 microhenries

Inductance Parallel Connection Frequency At Which Measured:

100.0 megahertz

Dc Resistance Rating:

0.15 ohms

Product Name:

Smt power inductor

Precious Material And Location:

Contact silver and contact platinum and contact palladium

Precious Material:

Silver and platinum and palladium

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T263-d
