Product Name:

Signal generator

Special Features:

N5173b exg x-series microwave analog signal generator carries the following options: n51738b-532: frequency range 9khz-31.8ghz; n5173b-unt: am fm phasemodulation; n5173b-unw: narrow pulse modulation; n5173b-1e1: step attenuator 115db; n7800-upz: test management environment (tme) calibration software license

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
