Storage Tempurature Range:
-20.0 to 70.0 degrees celsius
End Application:
Model 1151 smart pressure transmitter
Unpackaged Unit Weight:
2.0 pounds
Product Name:
Smart family communication interface
Special Features:
The model 268 is powered down, so long as a charded battery pack is installed; power supply: five aa1.5v batteries.(rechargeable
nickel-cadmium battery pack optional); operating limits: 0 to 50 degree celsius; humidity limits: 0-95 percent relative humidity under
noncondensing conditions below 40 degree celsius; 4 line liguid crystal display with 20-character line width; keyboard: complete
alphanumeric keyboard, six dedicated function keys and four software-defined keys.
Functional Description:
Communicate with each instructment in this family including: leveldensity, mass flow, analytical pressure, temperature, and magnetic
flowmeter transmitters
Material:
Plastic
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
