**Storage Temperature Range:**

-20.0 to 70.0 degrees celsius

**End Application:**

Model 1151 smart pressure transmitter

**Unpackaged Unit Weight:**

2.0 pounds

**Product Name:**

Smart family communication interface

**Special Features:**

The model 268 is powered down, so long as a charged battery pack is installed; power supply: five aa1.5v batteries.(rechargeable nickel-cadmium battery pack optional); operating limits: 0 to 50 degree celsius; humidity limits: 0-95 percent relative humidity under noncondensing conditions below 40 degree celsius; 4 line liquid crystal display with 20-character line width; keyboard: complete alphanumeric keyboard, six dedicated function keys and four software-defined keys.

**Functional Description:**

Communicate with each instrument in this family including: leveldensity, mass flow, analytical pressure, temperature, and magnetic flowmeter transmitters

**Material:**

Plastic

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
