Mounting Type:

Any acceptable

Overall Length:

19.2 inches

Overall Height:

3.5 inches

Overall Width:

16.8 inches

Case Material:

Any acceptable

Case Surface Treatment:

Any acceptable

Frequency Range Rating:

+5.0 to 250.0 megahertz

Modulation Type:

Any acceptable

Fixed Frequency Quantity:

5

Modulator Location:

Any acceptable

Product Name:

Signal generator

Special Features:

Iso compliant, calibration cycle 36 months

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T320-j
