Overall Length:

0.375 inches

Overall Width:

0.157 inches

End Application:

Transmitter

Tip Termination Type:

Button capacitor

Conductor Attachment Method:

Pressfit

Product Name:

Test system interface probe

Special Features:

Material is brass, gold plated; hole diameter is 0.085; suggested drill is number 44

Precious Material And Location:

Plating gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T228-h
