**Overall Length:**

12.000 inches

**Overall Height:**

8.500 inches

**Overall Width:**

12.000 inches

**Furnished Items And Quantity:**

Assorted buffer kit-1; dust cover-1; electrode, fiber type reference-1; electrode, glass, general purpose-1; electrode holder-1; electrode support rod w/bracket-1; kcl solution, saturated-150 ml; polarizing jumper-adapter for karl fisher titrations-1; shorting strap-1; terminal connector-adapter for metallic electrodes-1

**Smallest Graduation Unit:**

10.00 millivolts and 0.10 ph

**Measurement Range:**

-700.0/+700.0 millivolts single indicator 2nd range

**Features Provided:**

Portable and temperature compensator

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A310a0
