General Description:

3 measurement ranges: 0-5, 0-10 and 0-20 ppm, automatic temperature compensation, manual salinity compensation, measurement accuracy form 1 pct or 0.1 ppm, temp. Range neg 5 to 45 degrees c, salinity compensation range 0-40 ppt, 90 pct system response in 10-30 sec, recorder output 125 mv, porm 11 mv, 50000 ohms input impedance, 1000 hour operation on 2 disposable size c zinc carbon batteries

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
