Overall Length:

12.500 inches

Overall Height:

8.000 inches

Overall Width:

8.500 inches

Furnished Items And Quantity:

Glass electrode 1, reference electrode 1, pin-jack connector 1, electrode holder 1, buffer solution 1, electrode filling solution 1, dust cover 1

Smallest Graduation Unit:

0.100 millivolts and 0.001 ph

Measurement Range:

+0.0/+14.0 arbitrary units single indicator single range

Features Provided:

Portable and temperature compensator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
