**General Description:**

6single phototube, covers wavelengths from 400 to 700 nm, solid state construction, automatic blank correction, inverse capability, voltage stabilizer provides regulated 6 volts from 115 volts input, 6 volt source lamp, 13.75 in. Lg, 5.5 in. Dp, 8.5 in. Wd

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
