

View Online at <https://aerobasegroup.com/nsn/6630-01-044-2535>

Special Features:

3voltage range 0-700 v; current range 5 ua to 20 ma; power 4 w max; sample conductivity measurement 1 khz ac wheatstone bridge and external dip-type, platinum electrode, conductivity cell; sample resistance range 19 ohm to 10 mego; sample conductivity range 0.1 to 100000 micromhos; timer, intervals to 60 min. In increments of 0.01 min.; accuracy porm 0.001 min.; rotation of cell 30 rpm; reservoir volume 145 ml; power requirements 115 vac; 60 hz; 100 w; cabinet 20 in. W; 10 in. H; 15.5 in. D; plexiglass sample cell

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A503u0
