Overall Length:

8.250 inches

Overall Height:

13.000 inches

Overall Width:

7.000 inches

Furnished Items And Quantity:

Electrode holder 1; electrode rod 1; instruction manual 1; electrode stand assembly 1

Indicator Type:

Digital display

Smallest Graduation Unit:

1.00 millivolts and 0.01 ph

Measurement Range:

+0.0/+14.0 arbitrary units single indicator single range

Features Provided:

Temperature compensator and portable

Special Features:

Digital

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A310a0
