## NSN 6630-01-075-8318

Gas Analyzer Calibrator - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6630-01-075-8318

## **General Description:**

No

| Generates 9 point calibration cu | rve, outlet pressure 14.2 psig, | , outlet gas flow rate 5 l/min, | gas supply pressure | 35.5 psig min, gas |
|----------------------------------|---------------------------------|---------------------------------|---------------------|--------------------|
| consumption 6 l/min w/bypass;    | corrosive gases, operating ter  | mp range 0-40 degrees c         |                     |                    |
