## NSN 6630-01-082-5480

Thermogravimetric System - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6630-01-082-5480

## **General Description:**

Performance capability up to 1000 degrees c with porm 2 degrees accuracy over entire range; sample capacity up to 5 (sample and pan)

weight, up to 50 microltters volume; cool down time less than 15 min from 1000 degrees c to 50 degrees c; digitial readout of programme
dial with signal for event marker on recorder
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
