Electrode Filling Solution - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6630-01-093-9780

Unit Package Quantity:
6
Formulation Designation:
Fisher scientific
Solute Designation:
Potassium chloride
Solvent Designation:
Water
Product Name:
Filling solution electrode potassium chloride plas squeeze bt 6
Special Features:
Po2; 125 ml solution; c/o 100 mmol/l potassium chloride, buffer, and mold inhibitor; used w/il 1306, 1304, 1302 ph/blood gas analyzer
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T093-a
