Overall Length:

15.500 inches

Overall Height:

29.500 inches

Overall Width:

26.000 inches

Indicator Type:

Dial w/pointer

Installation Design:

Bench

Measurement Range:

+0.1/+199.9 parts per million single indicator single range

Special Features:

Water supply 4 liters per minute at 20 to 50 psig, carrier gas argon, dose gas hydrogen

Style Designator:

Rectangular surface mtg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A310a0
