Electrode Filling Solution - Page 1 of 1

View Online at <https://aerobasegroup.com/nsn/6630-01-163-1625>

Unit Package Quantity:

1 bottle

Quantity Within Each Unit Package:

475.0 milliliters

Formulation Designation:

Corning scientific

Product Name:

Filling solution electrode po2 electrolyte 475ml

Special Features:

Po2 electrolyte solution (aqueous salt); for use w/blood gas analyzers 6630-01-063-2944, 6630-01-120-8419, and 6630-01-185-3296, model no. 161, 165, 165/2 blood gas analyzers

Supplementary Features:

Mfg united diagnostic, p/n 286-039

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T093-a
