Body Diameter:

12.0 millimeters

Body Length:

110.0 millimeters

Electrical Lead Length:

0.001 millimeters

Features Provided:

Shielded

Body Material:

Plastic epoxy clear

Product Name:

FORU-SE-WIT-HPHM

Instrument Type For Which Designed:

Ph meter

Industry Designated Name:

Combination ph electrode

Ph Measurement Range:

+0.00/+12.00

Operating Temperature Range:

0.0 degrees celsius plus and 80.0 degrees celsius plus

Err Default:

Err default

Internal Reference Element Type:

Silver/silver chloride

Err Default:

Err default

Err Default:

Err default

Special Features:

Cap dia. 16 mm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506n0
