Product Name:

Electrode partial carbon dioxide 8-200ph 75.5mm lg 1.7mm cap dia

Instrument Type For Which Designed:

Blood gas analyzer

Ph Measurement Range:

+8.00/+200.00

Special Features:

2c/o measuring half cell in the reference half cell; part of one electrode concentric chamber of the electrode; the measuring half cell w/ph sensitive glass forms the center of the two; used w/1300series blood gas analyzer; 75.5 millimeter cap dia.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506n0
