**Carrying Case:**

Not provided

**Calibrated Temperature Rating:**

77.0 degrees fahrenheit

**Special Features:**

Measures viscosity of very heavy mixtures; one piece corrosion-resistant stainless steel; 1 1/2 oz (44 ml) capacity; 13 3/4 (35 cm) lg; w/thermometer support (thermometer not included); Zahn range in seconds 20-75; centistoke range 460-1725; orifice diameter 0.208 (5.3 mm)

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T398-b
