Carrying Case:

Not provided

Calibrated Temperature Rating:

77.0 degrees fahrenheit

Special Features:

Measures viscosity of very heavy mixtures; one piece corrosion-resistant stainless steel; 1 1/2 oz (44 ml) capacity; 13 3/4 (35 cm) lg; w/thermometer support (thermometer not included); Zahn range in seconds 20-75; centistoke range 460-1725; orifice diameter 0.208 (5.3 mm)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T398-b
