Physical Form:

Liquid

Specific Use:

For maintenance of the ise module

Product Name:

Wash solution electrode for cobas mira chemistry analyzer

Special Features:

Ec/o 1 bt cleaner 30 ml, a liquid membrane for potassium electrode; 1 bt etcher is for the removal of protein in the glass membrane of the sodium electrode; used for the cobas mira chemistry analyzer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T329-a
