| Heating Element Current Type:       |
|-------------------------------------|
| Ac                                  |
| Heating Element Phase:              |
| Single                              |
| Heating Element Frequency In Hertz: |
| 60.0                                |
| Heating Element Voltage In Volts:   |
| 115.0                               |
| Heating Method:                     |
| Electrical                          |
| Heating Element Type:               |
| Electric                            |
| Thermometer Quantity:               |
| 1                                   |
| Test Unit Quantity:                 |
| 1                                   |
| Shelf Life:                         |
| N/a                                 |
| Unit Of Measure:                    |
|                                     |
| Demilitarization:                   |
| No                                  |
| Fiig:                               |
| T398-b                              |
|                                     |
