Electrode Filling Solution - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6630-01-367-1345

Unit Package Quantity:
1 bottle
Quantity Within Each Unit Package:
125.0 milliliters
Formulation Designation:
Instrumentation laboratory
Solute Designation:
Sodium chloride
Solvent Designation:
Water
Product Name:
Filling solution electrode pc02 f/use in bld gas detr 125 ml
Exterior Container Quantity:
1
Special Features:
Pc02; for use in blood gas determinations
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
Т093-а
