Unit Package Quantity:

1 bottle

Quantity Within Each Unit Package:

125.0 milliliters

Formulation Designation:

Instrumentation laboratory

Solute Designation:

Sodium chloride

Solvent Designation:

Water

Product Name:

Filling solution electrode pc02 f/use in bld gas detr 125 ml

Exterior Container Quantity:

1

Special Features:

Pc02; for use in blood gas determinations

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T093-a
