Product Name:

Analzer liquid 110/220v 50/60 hz

Exterior Container Weight:

48.00 pounds

Special Features:

Charm ii; automated printout of date, time, control point, assay type, sample id, result; computer-ready (ibm-pc compatible) for c2soft option; microprocessor controlled single sample; liquid scintillation counter (antibiotics, aflatoxin); bioluminescence counter (atp hygiene, bacterial counts, alkaline phosphatase, pesticides; up to 15 user programs; printer interface rs-232; waterproof rubber keyboard; 110/220v, 50/60 hz; dim: 20.5 in. X 12 in. X 13 in.; capabilities: alp test-pmo approved pasteurization test, chef test, cidelite-pesticides, pocketswab, shelf life prediction, microbial quality, transit test, antimicrobial drugs, aminoglycosides, amphenicols, bacitracin, beta-lactams, folic acid analog, macrolides/linosamides, novobiocin, spectinomycin, sulfa drugs, tetracyclines, and mycotoxins

Unit Of Issue Cube:

2.20 cubic feet

General Description:

Army no. 6630-00-c07-6004

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
