Body Diameter:

0.500 inches

Body Length:

6.250 inches

Features Provided:

Rugged bulb

Body Material:

Plastic polymer

Product Name:

Electrode ph .00-14.00 measurement ceramic junction rugged bulb

Instrument Type For Which Designed:

Ph meter

Industry Designated Name:

Premium rugged bulb

Ph Measurement Range:

+0.00/+14.00

Err Default:

Err default

Internal Reference Element Type:

Silver and silver chloride

Err Default:

Err default

Err Default:

Err default

Special Features:

For general ph measurements and for highly corrosive acid/base samples

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A506n0
