**Body Diameter:**

0.500 inches

**Body Length:**

6.250 inches

**Features Provided:**

Rugged bulb

**Body Material:**

Plastic polymer

**Product Name:**

Electrode ph .00-14.00 measurement ceramic junction rugged bulb

**Instrument Type For Which Designed:**

Ph meter

**Industry Designated Name:**

Premium rugged bulb

**Ph Measurement Range:**

+0.00/+14.00

**Err Default:**

Err default

**Internal Reference Element Type:**

Silver and silver chloride

**Err Default:**

Err default

**Err Default:**

Err default

**Special Features:**

For general ph measurements and for highly corrosive acid/base samples

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A506n0
