Circuit Current For Which Designed:

Dc

Indicator Type:

Digital display

Installation Design:

Hand held

Measurement Range:

+0.0/+14.0 ph single indicator single range

Product Name:

Meter ph exstik waterproof

Special Features:

Waterproof meter; on-the-spot measurements; .01ph resolution and accuracy; memory stores and recalls 15 readings; large 3 1/2 digit digital display with bargraph; data hold; auto shut-off and low battery indication; easy to replace electrode modules, and built in chip; dimensions: 1.4 by 6.8 by 1.6 inches; weight: 3.8oz; pen-shape

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
