Overall Length:

15.000 inches

Overall Height:

5.000 inches

Overall Width:

18.500 inches

Voltage In Volts And Current Type:

100.0 ac

Special Features:

Power input voltage range 100vac - 230vac, 50/60hz; ultraviolet light intensity adjustable from 30-100 percent; filter illumination are 20x40 centimeters; wavelength 300.0 nanometers; ultraviolet blocking shield; stainless steel covers for corrosion resistance and easy cleaning; interior fan

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
