**Overall Length:**

15.000 inches

**Overall Height:**

5.000 inches

**Overall Width:**

18.500 inches

**Voltage In Volts And Current Type:**

100.0 ac

**Special Features:**

Power input voltage range 100vac - 230vac, 50/60hz; ultraviolet light intensity adjustable from 30-100 percent; filter illumination are 20x40 centimeters; wavelength 300.0 nanometers; ultraviolet blocking shield; stainless steel covers for corrosion resistance and easy cleaning; interior fan

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
