## NSN 6630-01-522-4225

Electronic Transilluminator - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6630-01-522-4225

Overall Length:
15.000 inches
Overall Height:
5.000 inches
Overall Width:
18.500 inches
Voltage In Volts And Current Type:
100.0 ac
Special Features:
Power input voltage range 100vac - 230vac, 50/60hz; ultraviolet light intensity adjustable from 30-100 percent; filter illumination are 20x40
centimeters; wavelength 300.0 nanometers; ultraviolet blocking shield; stainless steel covers for corrosion resistance and easy cleaning;
interior fan
Shelf Life:
N/a
Unit Of Measure:
<del></del>
Demilitarization:
No
