End Application:

Pol test equipment

Special Features:

Specifications front panel 3.78"x3.78" panel cutout 3/62"x3/62", maximum projection behind panel 2.36" dependent upon panel thickness maximum panel thickness 0.23", power requirements 24v dc 200ma maximum (dependent upon sensor type).

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
