**End Application:**

Pol test equipment

**Special Features:**

Specifications front panel 3.78"x3.78" panel cutout 3/62"x3/62", maximum projection behind panel 2.36" dependent upon panel thickness maximum panel thickness 0.23", power requirements 24v dc 200ma maximum (dependent upon sensor type).

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T398-d
