Product Name:

Zorbax extend - c18 - chromatography packing

Special Features:

Lc/ms provides protein id in 2-d separations for proteomics applications

Functional Description:

Provides information for protein characterization to identify post-translational modifications of proteins, and to determine molecular wt of synthetic and natural peptides

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T01200
