**End Application:**

Ground support equipment

**Design Type:**

Closed

**Heating Method:**

Gas

**Test Unit Quantity:**

1

**Special Features:**

Determines flash points in closed cup of liquid with a viscosity below 5, 5 mm<sup>2</sup>/s at 40degc, or below 9, 5 mm<sup>2</sup>/s at 25deg c, and flash point below 93deg c; includes cables, gas tubing, gas flame ignitor, black insulating tube, reinforced plastic hose, ring clamp, fitted lid w/o probe, waste cup, tag test cup, ring clamp for gas tubing, cd documentation, test certificat

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T398-b
