Height:

21.0 millimeters

Accessory Components And Quantity:

1 manual, 1 warranty card, 1 quick reference guide, 1 logbook, 1 lancing device, 1 quick start guide, 1 carrying case, 1 control solution, 15 test strips, 15 lancets

Features Provided:

Integral autosampling system

Product Name:

On call advanced blood glucose monitoring system

Test Sample/specimen Size:

0.8 micro liter

Test Sample/specimen Type:

Fresh whole blood, (capillary, venous, neonatal)

Depth:

90.0 millimeters

Width:

58.0 millimeters

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A503u0
