## NSN 6630-01-594-1348

Water Spec Sensor - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6630-01-594-1348

## **Special Features:**

For pure water treatment for ultrapure semiconductor rinsing; integral temperature sensing for accurate measurement and compensation;				
on-line ph sensor diagnosis; direct sensor inputs for all parameters; 1.35 inch insertion length; 20 ft. Cable; titanium electrode; 250 psig at				
200 degrees f pressure; polytetrafluoroethylene fitting
