View Online at https://aerobasegroup.com/nsn/6630-01-594-1348

Special Features:

For pure water treatment for ultrapure semiconductor rinsing; integral temperature sensing for accurate measurement and compensation; on-line ph sensor diagnosis; direct sensor inputs for all parameters; 1.35 inch insertion length; 20 ft. Cable; titanium electrode; 250 psig at 200 degrees f pressure; polytetrafluoroethylene fitting

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
