**Primary Container Type:**

Package

**Primary Container Unit Quantity:**

10

**Product Name:**

100% graphite ferrule, 0.32 mm id

**Special Features:**

Inner diameter: 0.32 mm; 100% graphite; temperature limit: 450 degrees c; reusable; use in injectors and detectors at atmospheric pressure (not for gas chromatograph/mass spectrometer); package of 10; for thermo instruments

**Material:**

Graphite

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A24200
