Primary Container Type:

Package

Primary Container Unit Quantity:

10

Product Name:

100% graphite ferrule, 0.32 mm id

Special Features:

Inner diameter: 0.32 mm; 100% graphite; temperature limit: 450 degrees c; reusable; use in injectors and detectors at atmospheric pressure (not for gas chromatograph/mass spectrometer); package of 10; for thermo instruments

Material:

Graphite

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
