Primary Container Type:

Package

Primary Container Unit Quantity:

10

Product Name:

100% graphite ferrule 0.53 mm id

Special Features:

100% graphite ferrule; reusable; 0.53 mm inner diameter; temperature limit: 450 degrees c; use in injectors and detectors at atmospheric pressure (not for gas chromatograph/mass spectrometer); package of 10; for thermo instruments

Material:

Graphite

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24200
