Product Name:

Multi-channel, microcalorimetric system

Special Features:

Max sensitivity/flexibility/performance; up to 4 independent calorimeters can be used simultaneously with tamiii; totally modular; precisely controls liquid bath temp to within 0.0001 c; can be operated in isothermal, step-isothermal or temp-scanning mode

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
