Overall Length:

7.700 inches

Overall Height:

2.500 inches

Overall Width:

2.700 inches

Special Features:

Test ph, oxidation reduction potentials, redox connectivity, resistivity, total dissolved solids, minerals/salts and temperature; probe-free; no frequency calibration necessary; auto shut-off; includes mp-6p meter, field case, (50 ml each) ph buffers, conductivity buffers and tds standard, and user manual; 1.9v battery; 5 ml cell capacity; 4-digit lcd display

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
