**Carrying Case:**

Provided

**Usage Design:**

External

**Indicator Type:**

Electron-ray tube

**Installation Design:**

Portable

**Test Type:**

Durometer

**Indicator Reading Type:**

Single

**Indicator Design:**

Direct reading

**Special Features:**

C/o eddy current instrument 1, battery pack 2 sets, battery charger/eliminator w/cables 1, battery belt 1, conductivity probe & cables 1, reference standards 1 set, probe cable adapters 1, soft shell carrying case 1, hard shell shipping/carrying case 1, harness 1, oper manual 1, familiarization vhs video /accessories opt 1; dim. 11.000 in. L, 6.000 in. W, 6.00 in. H; weight 7 lbs; 115/220 vac, 50/60 hz

**Functional Description:**

Light weight eddy current flaw detector for use in the field & depot level for the non-destructive of ferrous & non-ferrous metals

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T264-b
