Overall Length:

6.000 inches

Overall Height:

7.000 inches

Overall Width:

8.000 inches

End Application:

6635-00-018-5835

Accessory Components And Quantity:

Cable assemblys 2

Voltage In Volts And Current Type:

115.0 ac

Product Name:

X-ray interlock assembly

Functional Description:

An interconnecting safety device that enables the electrical power circuits of magnaflux and/or x-ray machines only after warning lights have been attached to the x-ray interlock; the warning lights are illuminated through the x-ray interlock only when the power switch of the x-ray or magnaflux head is turned on and x-rays are being generated
